## **General Information**

The application is supported by all modern browsers. We highly recommend that you use a current version of [Google Chrome](#), which supports Windows, Mac, and Linux platforms.

Prior to starting an application, please complete the following steps:

### **Step 1: Learn the requirements for submitting an application.**

Before you begin an application, read the program's eligibility criteria listed [here](#).

If you need further assistance, please do not hesitate to contact us at [sir@bfce.eun.eu](mailto:sir@bfce.eun.eu).

### **Step 2: Record username and password in a safe place.**

The online application can be accessed through this link: <https://apply.iie.org/sir>

Your email address is your username. When you create an account for this online application, record your password in a secure place. You can log in and out of the application as frequently as you like using your username and password. If necessary, you can reset your password by clicking the "Forgot Your Password" link on the log-in page.

### **Step 3: Complete the application.**

You do not need to complete this application at one time. You can re-enter at any time to edit your application. However, once you SUBMIT your application, you CANNOT make changes to it.

To complete your application correctly, please answer all questions completely and carefully. Review these additional tips:

- Use upper and lower-case letters (e.g. John Smith). Avoid using all capital letters (e.g. JOHN SMITH). Do not use special characters, such as accent marks.
- You can copy and paste information into all text boxes.
- Limit your responses to the space provided in all text boxes.
- Prepare required documents and save them in PDF format. It is highly recommended that to preserve any formatting and special characters in your documents, you upload them in PDF format.
- Some questions are "required." They are marked with an asterisk (\*). You will not be able to submit your application until all required items are complete.

### **Step 4: Submit the application.**

Once you have entered all required information, including recommenders and supporting documents, review your application for errors. If all information is correct, submit your application. Once you submit you CANNOT make changes to your application.

## [Managing Your Application](#)

### **EDITING YOUR APPLICATION PRIOR TO SUBMISSION:**

1. You may log in at any time to review and edit your application form, upload documents, and enter recommender information.
2. Remember to save your application after completing each page by pressing the *Continue* button at the bottom of each page.

**NOTE:** The application will automatically log you out after 60 minutes of inactivity, so it is best to save your application frequently.

### **REVIEWING YOUR APPLICATION AFTER SUBMISSION:**

1. After you SUBMIT your application, you CANNOT make any changes.
2. You may continue to log in to your account to view the information you have submitted, save a PDF of your application form, and manage your recommenders.
3. You can manage your recommenders by clicking on the *Recommendations* section of the online application.

### **A COMPLETE APPLICATION CONSISTS OF:**

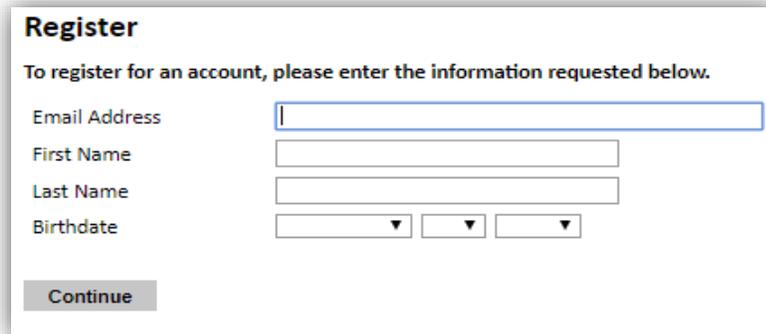

1. **An updated CV:** You can upload a copy of your CV in the Academic and Professional Information section of the online application.
2. **Passport:** You can upload a scanned copy of the passport front page in the Grant and Travel section of the online application.
3. **Two recommendation letters.**
4. **Letter of support from your home institution:** A letter of support is required from the head of your department. This letter can be one of the two required recommendation letters.
5. **A scanned copy of your highest degree certificate.**

### **LETTERS OF RECOMMENDATION:**

1. Letters of recommendation may be submitted before or after you submit the application, but may not be submitted after the deadline.
2. Candid, frank reference reports or letters of reference help reviewers place your teaching proposal within your home institution's current conditions and plans for growth. References also provide evidence of your reputation within your discipline.
3. References should be from people qualified to evaluate your professional work; the abilities you bring to the proposed teaching project; and your ability to adapt to another country and culture.
4. If you have recently moved to a new home institution, one of the reference letters should be from your previous institution.
5. Choose your recommenders carefully and contact them early. A complete application must include the required number of recommendations.
6. Do not ask someone for a letter of reference unless the person is well acquainted with your qualifications. A pro forma letter from a well-known scholar, a contact abroad or a prominent government official will carry less weight than a realistic assessment of your abilities from someone who knows you and your work well.
7. References must be written in, or translated into, English.
8. It is your responsibility to ensure that recommendation letters are submitted by the deadline.
9. Refer to the [Recommendations](#) section for information on how to submit letters of reference.
